

ALASKA

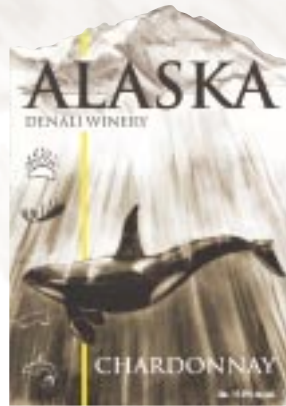

DENALI WINERY

Established in 1997, the Denali Winery uses crystal clear mountain water and fine grape juices to create a wide range of quality wines. Perfect for savoring while reminiscing about your adventures in the "last Frontier"

Born in the land of the Midnight Sun comes "Gold In a Bottle", Alaska Ice Wine. Our flagship product will surprise you with its body and complexity, and comes in a unique "iced" wood crate. Serve this wine chilled and sip slowly to cherish its special charms.

MERLOT
The plump, lush fruitiness of this respected grape translates into a wine, which perfectly balances berry and spice flavors with a smooth, supple texture. Mouth-filling and delicious, a standout with grilled meats.

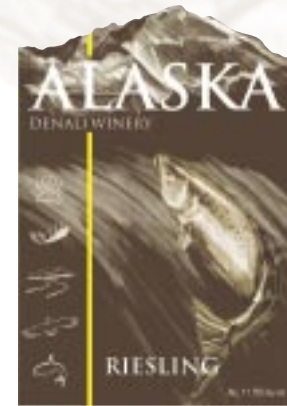

CHARDONNAY
This full-bodied Chardonnay has dense, luscious, buttery aromas that dance up from the glass. Flavors of tropical fruits blend with the vanilla-oak backing.

CABERNET SAUVIGNON
Our Cabernet Sauvignon is a deep, full-bodied wine with intense aroma and flavor. A robust wine, perfect with red meat or wild game.

PINOT NOIR
The magic is evident on the first swirl and sniff. Brilliantly combining zesty, ripe cherry and raspberry flavors with a smooth, silky mouth feel, our Pinot Noir is striking, savory and down right exciting.

RIESLING
This Riesling displays a flowery bouquet, complex fruit and cinnamon flavors and a crisp, clean finish. It is versatile in pairing with foods, especially seafood, pork or veal.
